

OAAC 2017

Toronto, Ontario
May 5 -6, 2017

Friday May 5, 2017	8:00 - 9:00 am	Registration and Continental Breakfast Sponsored by Ottobock	
	9:00 - 9:15 am	Welcome and Opening Remarks	Janet Mulgrave
	9:15 - 10:00 am	Keynote Speaker - "Unstoppable Tracy"	Tracy Schmitt
	10:00 - 10:20 am	Rehabilitation Trends after Lower Extremity Amputation in Canada	Kayssi, Dilkas, Dance, De Mestral, Forbes, Roche-Nagle
	10:20 - 10:40 am	The Utility of the 2 Minute Walk Test In Predicting Morbidity and Mortality in Lower Extremity Amputees	Woodrow, Weidman, Litman, Grad
	10:40 - 11:10 am	BREAK - Posters and Vendor Displays	
	11:10 - 11:30 am	Physical Activity in Diabetic Adults following Prosthetic Rehabilitation	Desveaux, Goldstein, Mather, Hassan, Pauley, Devlin, Brook
	11:30 - 11:50 am	Does Size Matter? Examining the Effect of Obesity on Inpatient Amputation Rehabilitation Outcomes	Vivas, Pauley, Devlin, Dilkas
	11:50 - 12:10 pm	A Removeable Transtibial Thigh Corset and External Joints to Alleviate Knee Pain	Litman, Russell-Smyth, Flett
	12:10 - 1:10 pm	Lunch Sponsored by Ossur	
	1:10 pm - 1:30 pm	The Amp Peer Support Group	Somogyi, Videira, Siu
	1:30 - 1:50 pm	New Frontiers in Amputee Care - Bringing Osseointegration Surgery to Ottawa	Dudek, Gofton
	1:50 - 2:10 pm	Early Inpatient Rehabilitation Improves some Measures of Functional Outcomes Following Lower Extremity Amputation	Hastings, Pauley, Devlin, Dilkas
	2:10 - 2:30 pm	When can I get a leg?	Leyco, Poon, Sakaguchi, Toma
	2:30-2:50 pm	Validity and Feasibility of the Comprehensive High-level Activity Mobility Predictor (CHAMP) in a Canadian civilian population	Anton, Dudek
	2:50- 3:20 pm	BREAK - Posters and Vendor Displays	
	3:20 - 3:40 pm	A Two Part Case Study of a Client with Bilateral Transfemoral Amputations and Severe Visual Impairment Post MVA: The Importance of Client Motivation and Cross-Continuum Interdisciplinary Care. Part 1	S. Campbell
	3:40 - 4:00 pm	A Two Part Case Study of a Client with Bilateral Transfemoral Amputations and Severe Visual Impairment Post MVA: The Importance of Client Motivation and Cross-Continuum Interdisciplinary Care. Part 2	McConnell
	4:00 - 4:20 pm	Can Serum Markers of Nutritional Status predict Walkability Post Amputation? A Cohort Study.	Ghotbi, Dilkas, Devlin
	4:20 - 4:40 pm	Leap Motion: A New Approach to Upper Extremity Amputee Rehabilitation	Mayo, Duong
	4:40 - 5:00 pm	Literature Review of Targeted Muscle Re-innervation and Prosthetic-Performance in Upper Extremity Amputees	Silvermann
	5:00 - 6:00pm	Wine and Cheese Event Sponsored by Thomson Rogers	

OAAC 2017

Saturday May 6, 2017	8:15-9:00 am	Annual General Meeting & Continental Breakfast	Chair: H. Nizio
	9:00-9:45 am	Keynote Speaker – Limb Salvage vs. Amputation vs. Rotationplasty?	Dr. Wunder
	9:45-10:05 am	Effect of Dual-Task Testing on Mobility Performance in Above and Below Knee Amputees	Fregopoulos, Payne, Holmes, Viana, Hunter
	10:05-10:25 am	Pregnancy after Amputation: A Scoping Review of Prosthetic Use Changes Associated with Pregnancy in Women with Lower Extremity Amputations	Batemann, Payne
	10:25 – 10:55 am	BREAK – Posters and Vendor Displays	
	10:55-11:15 am	SIGAM: Responsiveness to Change	Ballinger, Pauley, Devlin, Dilkas
	11:15-11:35 am	Orthotic and Pedorthic Care in Amputee Treatment Plan	Rajendra
	11:35 - 11:55 am	Cognitive Load and Prosthetic Technology	Besemann, Sinitiski
	11:55-12:10 pm	Closing Remarks	

Poster Presentations	Use of Fluid Immersion Simulation to Promote Wound Healing in Complex Continuing Care	H. Campbell and Anderson
	Determining Test-Retest Reliability of a Dual-task Functional Mobility Protocol for Lower Extremity Amputees	Fregopoulos, Payne, Holmes, Viana, Hunter
	Transitioning an Inpatient Adult Amputee Rehabilitation Program to a Hybrid Model of Ambulatory and Inpatient Care	Mueller, Anton
	Balance Confidence and Activity of Community-Dwelling Patients with Transtibial Amputation	Mandel, Paul, Paner, Dilkas, Devlin, Pauley

Enhancing outcomes for patients and their caregivers:
